

New Apprenticeship Standards and Funding

Employers are designing apprenticeship standards to meet the needs of their industries through the Trailblazer programme. As a result, the Education and Skills Funding Agency (ESFA) will stop offering apprenticeship frameworks where there is a valid apprenticeship standard in place and ready to be delivered.

At the College of Haringey, Enfield and North East London we are ensuring that the apprenticeships we are delivering will be funded either through your Apprenticeship Levy account or the college's non-levy allocation.

Apprenticeships Price List
