The College of Haringey, Enfield and North East London can help you take your passion for hair and beauty to the next level.

We offer a wide range of courses from Levels 1 to 3, in the following areas:

- Hairdressing
- Beauty therapy
- Nail services
- Theatrical and media make-up
- Apprenticeships

We’ll show you the latest trends and techniques for cutting and styling hair or beauty treatments. You’ll have the chance to develop your skills and creative flair in our cutting-edge studios, working with industry-standard products and equipment on paying customers. Our great links with local salons and studios can also lead to great employment opportunities. If you think you’ve got what it takes to make the cut in this industry, visit:

Tottenham Style Zone gets a new look

Last summer the Tottenham Centre Style Zone underwent a significant refurbishment, which resulted in two state-of-the-art hairdressing salons and a vibrant new reception area.

The Style Zones are the College’s very own hairdressing, beauty and complementary therapies salons at our Tottenham and Enfield Centres.

If you would like to treat yourself to a massage, new hair style or manicure, done to professional standards at a fraction of the usual cost, book an appointment now by calling 020 8442 3031 (Tottenham) or 020 8442 3628 (Enfield).

As a training salon, appointments may take a little longer than usual. Some treatments may require a skin test 24 hours in advance, and certain medical conditions may prohibit treatment.

The Salon, the professional working environment

The Salon, which is based at the College’s Tottenham Centre, sees fully qualified hairdressers work alongside Level 3 learners to provide professional, stylish and affordable services for all hair types. It is run in partnership with the Francesco Group, which has a number of award-winning salons across the country.

To find out more about the range of services available at The Salon and to book an appointment, visit www.conel.ac.uk/thesalon or call 0208 442 3121.
Student Profiles: Tipped for Success

Yeliz Oznacar, Hairdressing VRQ Diploma Level 3 graduate

“I did Levels 1 to 3 at the College and enjoyed all of them, but I found Level 3 the most helpful. It helped me become a more confident hairdresser and grow in my role in the hairdressing industry, from a junior to a junior stylist, to a stylist. Now I work in central London as a stylist in a well-known salon.”

Kelley Croom, Beauty Therapy Level 3 graduate

“I graduated in June last year and really enjoyed my course. I met lots of new friends, including my now business partner Fern, and our tutors were all really supportive. The course itself covered lots of different areas, was always interesting and has opened up so many opportunities for me. I would definitely recommend it to anyone interested in the beauty business.”

Lisa Gough, Hairdressing VRQ Diploma Level 3 student

“I really enjoyed all aspects of the course, particularly updating my hairdressing skills and meeting fellow hairdressing students. As well as learning new techniques such as creative colouring and colour correction, I’ve grown in confidence and met lots of new people. The course has given me a new sense of independence.”

Earn while you learn

Apprenticeships are a great way to gain real-world experience of the health and beauty industry – and give students a unique opportunity to earn while they learn.

The College offers apprenticeships in hairdressing, beauty therapy and nail services, from Levels 2 to 3. Typically, apprentices spend one day a week in College doing theory and practical training, and the rest of their time on a work placement.

Hair and beauty apprentices get more practical experience of dealing with clients in a commercial setting. It’s a great way to start a career in this sector.

College hopes to build on awards success

The College’s Hairdressing department is entering several competitions this year, after College learner Eunice Pennant won SoftSheen-Carson’s ‘Student of the Year’ award in 2013. SoftSheen-Carson, the leader in black hair care, styling and hair colouring, believes that British Afro hairdressing is world leading, and last year decided that Eunice’s work is a perfect demonstration of the artistry and creativity involved. The College is hoping to repeat Eunice’s success by entering SoftSheen-Carson’s annual awards once again this year – as well as entering competitions run by Wella and College hairdressing partner Francesco.

Competitions can be really rewarding for students to be involved in, and are a great opportunity for them to see how they’re doing compared with others. At the College we always run internal heats first – so everyone gets a chance to compete and improve.
